SOUTH DAKOTA SCHOOL OF MINES AND TECHNOLOGY

Policy Manual

SUBJECT: Information Technology Services Governance

NUMBER: Policy VIII-03

REVISED: August 2022

POLICY

Information Technology Services (ITS) provides computing, networking, and other technology enhanced services to the South Dakota Mines community. ITS endeavors to balance freedom of access with a safe and secure environment for our constituents. Director of ITS will maintain compliance with rules, regulations and procedures mandated by the federal and state governments, Board of Regents and Mines by regularly monitoring the usage of computing, networking and other resources and services.

PURPOSE

Mines ITS Mission Statement.

SCOPE

All computing and networked systems controlled or managed by Mines ITS and all Mines personnel (faculty, staff, students, and other approved users).
