

**SOUTH DAKOTA MINES**  
**Office for**  
**Professional Education**

## **VIRTUAL SHORT COURSE** **Starting January 15, 2025**

### **MINING ESSENTIALS:** **A COMPREHENSIVE INTRODUCTION**

Inform and engage your employees with an interactive mining industry-focused curriculum specifically designed to enhance workplace interactions and promote professional development without ever having to leave the office.

Covered topics range from exploration to reclamation with a focus on foundational industry knowledge in these areas. Programs utilize a remote learning environment with real-time interactions between participants and SD Mines faculty and industry professionals. No need to spend a week in a hotel conference room incurring lost production and costs associated with travel. Sessions are recorded if unable to attend live. Cost is \$2,500 per person.

Each participant will complete assignments focused on reinforcing industry topics and encouraging problem solving with scenario-based questions. Participants will also receive a copy of the Mining Essentials Resource Guide.

Weekly 1.5-hour  
virtual sessions  
(23 weeks)

Sessions are recorded  
if unable to attend live

Program taught by  
SD Mines faculty and  
industry experts

No travel or  
prerequisites required
