

SOUTH DAKOTA SCHOOL OF MINES AND TECHNOLOGY

Policy Manual

SUBJECT: Antivirus-Antimalware Policy

NUMBER: **Policy 8-13** (formerly Policy VIII-05-2)

REVISED: **August 2022**

POLICY

All devices connect to South Dakota Mines domain are required to have the current Mines Antivirus-Antimalware software installed and kept up to date. Exceptions to this policy must be granted by the Mines Director of ITS or its delegate.

PURPOSE

To reduce the chance that compromised devices will affect other computing and networked systems and prevent the loss of personal information. This policy will be evaluated on an annual basis.

SCOPE

This policy applies to all computing and networking systems controlled or managed by Mines ITS department.
